Re: Warren Pit, Permit M-2012-024, Receipt of Corrective Action Documentation

Dear Mr. Gardner:

The Division received your response to a Compliance Problem cited in the Division's report from the inspection that was conducted on October 26, 2022. The status of the corrective action in regard to the cited problem is as follows.

Compliance Problem, Hydrologic Balance: The permit does not address potential damage to river banks or downstream flooding.

This problem is considered to be resolved as a result of documentation emailed to the Division and discussions between the operator and the Division.

If you have any questions, please contact me at Rob.Zuber@state.co.us or by calling (720) 601-2276.

Thank you,
