Regarding: October 26, 2022 Inspection Report corrective action

Permittee: Whitewater Building Materials Corp.  
Permit #: M-2017-027  
Operation Name: Graff Pit  
Anniversary Date: January 18th

The above referenced pit location was inspected on October 26, 2022 by Rob Zuber P.E.. The inspection report indicates three areas that require corrective action and they are listed below along with the measures that will be taken to correct them.

Inspection Topic Hydrologic Balance: The Division has no evidence of a valid Well Permit and Division of Water Resources water right.

Corrective action: Whitewater has included the Division of Water Resources decree 2017CW3021 for the Graff Pit.

Inspection Topic Hydrologic Balance: The Division would like to see a TR to address potential erosion damage to the riverbank and negative impact on downstream flooding.

Corrective action: DRMS and Whitewater communicated via email over Exhibit G. It is of mutual agreement that due to location of the riverbank; bank erosion is not an issue. It was also agreed that potential downstream flooding issues could be addressed in its annual report. Whitewater will include the volumes of both excavation and stockpile volumes within the floodplain showing there is no impact to downstream owners.

Inspection Topic Signs I Markers:

Corrective action: Whitewater has added the permit number and the issuing authority. A picture of the sign is included.

Sincerely
