**RE: Williams Fork Mine Permit; C1981044**  
**DRMS Review of 2022 Quarter 2 Discharge Monitoring Reports (DMRs)**

Dear Ms. Kawcak:

Thank you for your submittal of the 2022 quarter two Discharge Monitoring Report for the Williams Fork Mine. The Colorado Division of Reclamation, Mining and Safety (The Division), has reviewed the above referenced report. The report was received by The Division on 22 September 2022. The report covers the time frame of April 2022 through June 2022 (Q2), for discharge required by the discharge permit.

This report appears to comply with the applicable sections of Rule 4.05.13(2)(a)(iii).

No discharge from outfalls 003A, 022A, and 024A was recorded during quarter one. Outfall 022A (spoil spring), discharged during the quarter. No exceedances of water quality standards were identified in the Discharge Monitoring Report submitted.

The Division has no further comments at this time.

Best Regards,

Robin Reilley, M.S. GISP  
Environmental Protection Specialist II
