**Re: S&H Mine, Permit M-2000-158,  
Corrective Action from September 1, 2022 Inspection**

Dear Ms. Mikulas:

During my inspection in September, I identified a problem that require corrective actions by the operator of the S&H Mine: the need to address the large pile of concrete and rebar on the south side of the site (with a Technical Revision or removing the material). The Division is extending the decision due date for this action to January 13, 2023.

If you have any questions, please contact me at [rob.zuber@state.co.us](mailto:rob.zuber@state.co.us) or (720) 601-2276.

Thank you,

Robert D. Zuber, P.E.  
Environmental Protection Specialist
