Hello Virginia,

Wednesday afternoon, 11/9/2022, the Division received notification of Montezuma county's application for an amendment to M1985-031, Mancos Pit. Five items of supporting documentation uploaded into Laserfiche successfully. However, the application form failed to upload correctly. If you look in laserfiche, there is nothing explaining the proposed amendment, just all the supporting documents.

I have attached the application form to this email. Once the application form is filled out and submitted, I should be able to determine if the application is complete.

Thank you
