**Re: Notice of Incomplete Submittal, Acreage Release Request (AR6)
Cresson Project, Permit No. M-1980-244**

Dear Lori Smith,

On December 16, 2022, the Division of Reclamation, Mining and Safety received your Acreage Release Request (AR6) application for the Cresson Project. Preliminary review of the information received determined that the following additional information must be received before the Division can consider your request complete. Thus, your application is incomplete for the purposes of filing as of December 29, 2022.

1. Maps provided in the AR6 submittal reference an Exhibit B and C of access agreement for the portion of the remaining permit boundary on James R Chapman, Jr.'s property. Upon a review of the permit file, the Division is unable to locate the access agreement with the exhibits. Please provide the access agreement with the referenced exhibits.

Please provide the request information before **January 30, 2023**. If, at the end of the 30-day incomplete period, the application has not been determined to be complete and filed, the Division may deny/terminate the request.

If you have any questions, please contact me by telephone at 303-866-3567 x8132 or by email at elliott.russell@state.co.us.
