Dear Eric;

Re: L.G. Everist, Incorporated - West Farm Reservoirs
Weld County, Colorado - 112 Permit Application
M-20220048 - Proof of Posting

Attached is a second POSTED NOTICE CERTIFICATION for the West Farms Reservoirs operation. It includes the posting certification for the new signs with the Lat/Long location for each of the 4 signs and photos showing the signs. Also enclosed is a copy of the vicinity map show the sign locations.

The original sign was posted at the proposed mine entrance in Phase 4 on 11/22/2022 (south of CR 32.5, east side of CR 21), I posted a second sign in Phase 2 (north side of CR 32.5) on 12/22/2022 after our site visit. Today I posted the other 2 notices as we discussed, one in Phase 3 (north of CR 32.5, east side of CR 21) and one in Phase 1 (south side of CR 32.5).

This should complete the first corrective item in your Pre-Op inspection report. If you need an original please let me know and I will get it mailed. Please call me if you have any questions.

Yours truly,
