A Happy New Year to you all,

Our first shot for the year is being scheduled for January 9, 2023, between the permit hours of 8 to 3 pm, estimating the blast time of 12 noon pending weather and or mechanical issues. This will be a production shot on bench 4 in the Northwest end of that bench. Mr. Bishop, I will contact you an hour prior to the blast so you can prepare for this shot. Should anyone have any questions, please feel free to contact me.

Thank you,
