January 4, 2023

Mr. Lucas West

South 3rd Suite 301

Grand Junction, CO 81501

Lucas,

lease me advised that GEMI has enlisted the services of Helen Thomas regarding permitting for GEMI. Currently we are preparing for drilling permits for the Burros and New Ellison. However same activity will occur on JD - 5.

This arrangement will also expand to other permit related issues as required by DRMS. I would ask that you copy myself and Helen on all correspondences concerning GEMI permits.

Helen Thomas
