

January 4, 2023

Colorado Division of Reclamation, Mining, and Safety  
1313 Sherman St, Rm 215  
Denver, CO 80203

Delivered Via Email

**RE: Hayden Gravel Pit, Permit No. M-1987-164**  
**Completeness 1**

Mr. Hunter Ridley

United Companies (the Applicant) is providing the following response to the January 4, 2023 incompleteness notice number one for the AM-4 application of Hayden Gravel Pit, M-1987-164.

#### 6.4.4 Exhibit E – Reclamation Plan

*1. The site introduction and Exhibit E included with the Amendment Application states that post mining land use of the area will be “dry rangeland”. Item No. 12 of the Application Form states that the post mining land use will be ‘General Agriculture’. Please submit a revised page 4 of the Application Form which updates the post mining land use to either include or be replaced by the Rangeland category. Please note that contrary to the Application Form directions, more than one box can be checked.*

A corrected application form page 4 is attached to this letter.

#### 6.4.7 Exhibit G - Water Information

*2. Page G-2 of Exhibit G states that wetland delineations from 2013 will need to be reconfirmed/updated prior to disturbance. Please note that this confirmation will need to occur before the Division can issue a formal decision for Amendment 4. Any new findings from this additional evaluation will also need to be updated on all maps related to the application.*

Wetland delineation confirmation will be provided to the Division as soon as completed. The USACOE permit is listed in Exhibit M – Other Permits Required.

#### 6.4.19 Exhibit S - Permanent Man-made structures

*3. The proof of delivery of structure agreements referenced in Exhibit S do not seem to have been attached with Exhibit S or included elsewhere in the application form. Please provide the Division with these documents.*

Certified mail receipts for the structure agreements are attached.

Please feel free to contact me with any questions

Regards,
