RE: Technical Revision per 2022 inspection  
for North Road Gravel Pit Reclamation Plan  
Permit # M-2014-009

Dear Rob,

Delta County is submitting a Technical Revision per the 2022 inspection report for the North Road Gravel Pit Reclamation Plan, Permit number M-2014-009, located approximately 10 miles north of Delta and 2.5 miles east of Eckert. Delta County proposes to modify the grading on the north-facing fill slope to be 3:1 h:v to stabilize the large boulders and protect the toe of the slope. As for the weed mitigation plan, herbicides will be applied to noxious plants and weeds biannually (spring and fall).

If you have any questions or concerns, please contact me.
