Re: S&H Mine, Permit M-2000-158, Receipt of Corrective Action Documentation

Dear Ms. Mikulas:

The Division received your response to a Compliance Problem cited in the Division's report from the inspection that was conducted on September 1, 2022. The status of the corrective action in regard to the cited problem is as follows:

Compliance Problem, General Compliance with Mine Plan:

A large pile of concrete and rebar must be removed or a plan submitted to remove it.

This problem is considered to be resolved as a result of photographs and letter from you, sent via email on January 11, 2023. The photographs indicate that the concrete and rebar have been removed.

If you have any questions, please contact me at Rob.Zuber@state.co.us or by calling (720) 601-2276.

Thank you,

Robert D. Zuber, P.E.
Environmental Protection Specialist
