**Re: Golden Wonder Mine, Permit No. M-1978-091-UG, Board Ordered Corrective  
Action Status Update (MV-2021-026)**

Dear Mr. Abraham,

On November 8, 2022 the Division of Reclamation, Mining and Safety (Division) received your Q4 2022 site report which was the last report for the 2022 year. The report details the site activity and conditions as prescribed in Board Order MV-2021-026 and shows the water treatment system and site conditions to be in good working order. Item 6 in the Board's Order dated February 18, 2022 detailed that beginning in the second quarter of 2022 the reports shall be submitted quarterly for a period of 18 months. Therefore, quarterly reporting must continue through 2023, and the final report required will be the Q4 2023 report. All other corrective actions including repairs, civil penalties and increased financial warranty imposed by the Board have been complied with. The Division appreciates your active communication and efforts at maintaining the site.

If you have any further questions, please don't hesitate to contact me at the Division's Grand Junction Field Office, by phone at 303-866-3567 Ext. 8187 or by email at [lucas.west@state.co.us](mailto:lucas.west@state.co.us).

Sincerely,

**Lucas West**  
Environmental Protection Specialist  
Division of Reclamation, Mining and Safety
