Re: Extension Request Approval, Technical Revision (TR-2), Cedarwood Clay Mine, Permit File No. M-1977-317

Dear Amy:

On January 13, 2023, the Division of Reclamation, Mining and Safety (DRMS) received your request to extend the deadline for the Technical Revision (TR-2) for the Cedarwood Clay Mine 30 days from the original January 16, 2023 due date to allow additional time to address the Division's adequacy concerns. **The Division hereby approves the extension request to February 15, 2023.**

If you need additional information or have any questions, please contact me by telephone at (303) 866-3567 x8137, (720) 836-0967, or by email at amber.michels@state.co.us.

Sincerely,

Amber Michels
Environmental Protection Specialist
