RE: Technical Revision – Request for Extension

Greetings,

Due to the current excessive snow cover and winter conditions at the mine site, we would like to request an extension to complete the Technical Revision (TR-4). We are requesting a deadline of June 1st, which should allow us time to be able to access and accurately provide the information required in the Technical Revision.

Thank you for your consideration of our request for an extension.

Sincerely,

A handwritten signature in black ink, appearing to read 'Katie L. Conrado', with a long horizontal flourish extending to the right.
