RE: Final Closure of C8 Drilling NOI, File No. P-2016-025 and request for release of Financial Warranty to  
CRG Mining LLC

Dear Mr. Czapla,

I am writing to request the release of Financial Warranty currently held by the state for C8 NOI P-2016-025 of \$10,400.00 to CRG Mining LLC. The C8 NOI had one drill hole which was properly sealed in 2017. We have no more intentions of drilling or prospecting on this NOI. As this NOI sits entirely inside the Upper Gold Links permit M-2016-083 and is now covered by the M-2016-083 Bond, we are asking for the state to release the Financial Warranty for C8 Drilling NOI P-2016-025. I have included the map of the C8 NOI as well as a map of the new extended boundary for M-2016-083 which fully encompasses the C8 Drilling NOI.

Please let me know if you have any question or need more data. I can be reached at 970-417-3311 or email: [jwilkinson@crgmining.com](mailto:jwilkinson@crgmining.com)

Sincerely,

Jake Wilkinson

### LAND DESCRIPTION

## NOTES

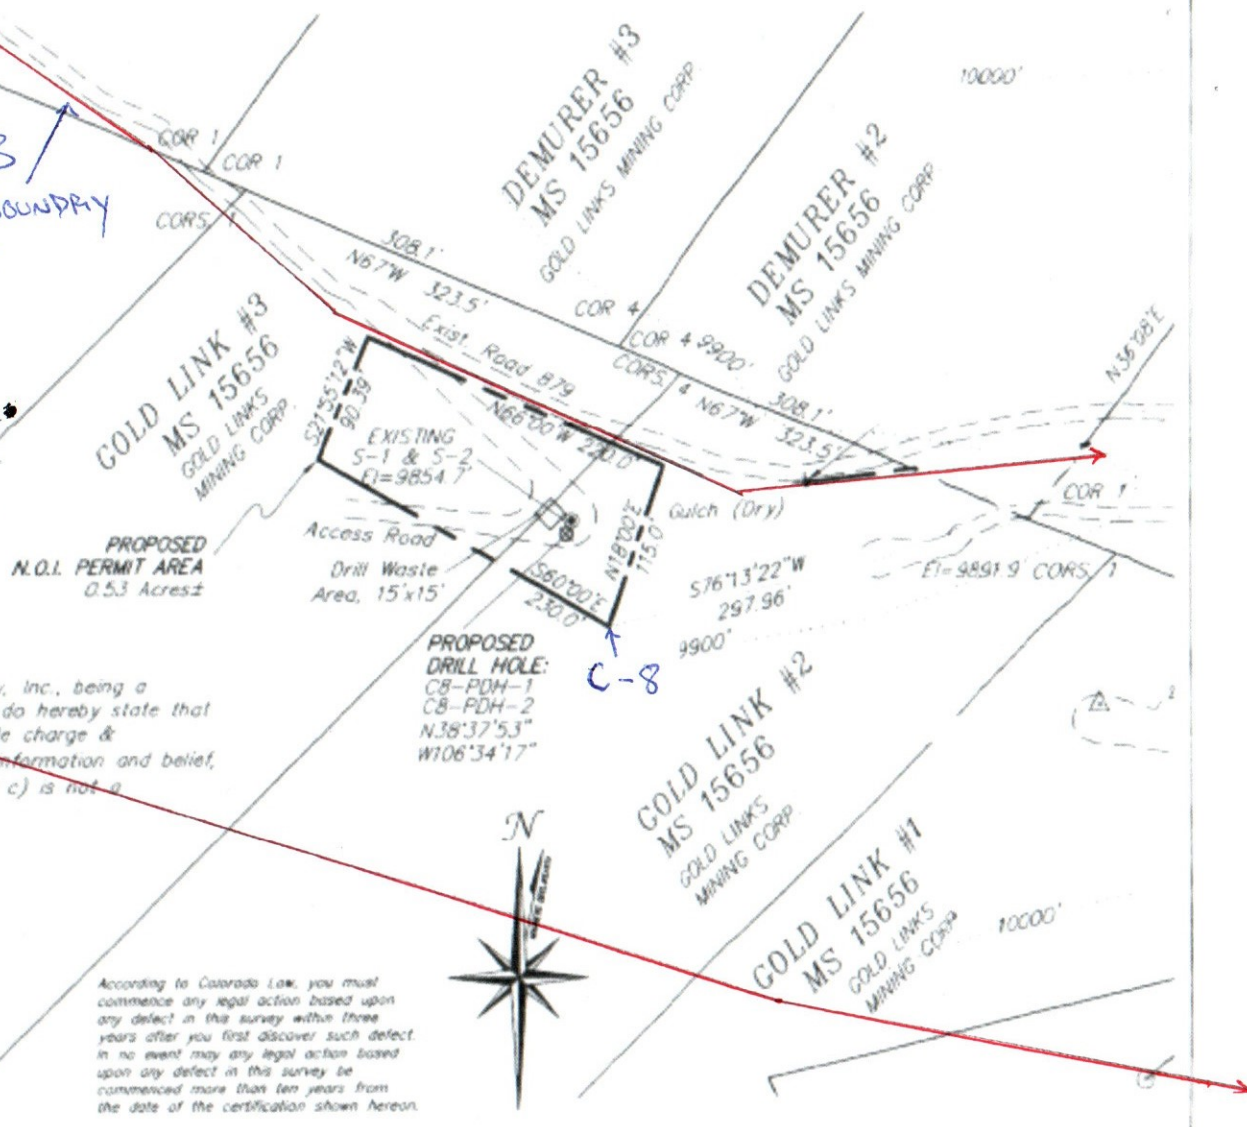

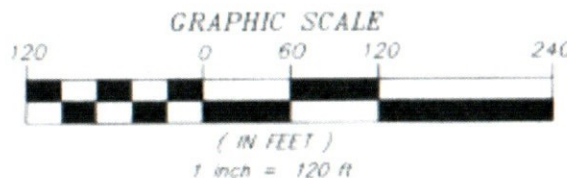

- 1) Distances and dimensions are in US Survey Feet. The contour interval is 20 feet. The contours are provided by Owner and are reportedly interpolated from USDA digital imaging.
- 2) Positional data was acquired by GNSS observations taken in NAD 83, NAVD 88, State Plane Coordinates, Colorado Central Zone 0502, Geoid 12 applied. These observations were taken over several surveys from 2012 to 2016.
- 3) This Permit Area Map was produced without the benefit of a boundary survey or a Title Commitment. This map does not constitute a title search by this surveyor. Additional easements and encumbrances may exist.
- 4) The Gold Links Mining Corporation owns all adjacent patented lodes surrounding this permit area.
