**Re: T.H.E. Aggregate Source, Permit No. M-1977-193;  
Technical Revision (TR-11), Acceptance of Borehole Abandonment Reports**

Dear Mr. DiLuzio,

The Division of Reclamation, Mining and Safety (DRMS) received your abandonment reports for the exploration holes completed under TR-11:

*To allow the operator the ability to core drill within the permitted and bonded mining area.*

The abandonment reports were considered complete and demonstrated compliance with Rule 3.1.5(6). The DRMS considers TR-11 to be closed.

If you have any questions, please contact me at (303) 328-5229.

Sincerely,

Timothy A. Cazier, P.E.  
Environmental Protection Specialist
