**Re: Dunn Pit, File No. M-2021-059
Financial and/or Performance Warranty Required**

Dear Mr. Fancher:

The Mined Land Reclamation Board (Board) has directed the Division of Reclamation, Mining and Safety (Division) to remind applicants when they have not posted the required financial warranty and/or the performance warranty within nine months of the application approval date. Pursuant to the Act, **no permit may be issued** until the Board or Office receives and approves the performance and financial warranties.

As of the date of this notice, our records indicate that you have not posted the required Financial Warranty and Performance Warranty for your approved Mined Land Reclamation Board application, File No. M-2021-059. In accordance with Rule 4.1(2) of the Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for the Extraction of Construction Materials, no permit may be issued until the Board or Office receives and approves the Performance and Financial Warranties required herein. If these warranties are not posted by April 28, 2023 (365 days from the date your application was approved), you will be scheduled for a Formal Board Hearing, in accordance with the notification and comment provisions of Rule 1.6, to reconsider the previous application approval. If the Board affirms the original application approval, the Board shall establish a new deadline for submittal of the warranties. If the required warranties are not posted by the date set by the Board, the application shall be denied.

If you need additional information or have any questions, please contact Peter S. Hays at the Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at (303) 866-3567 ext. 8124, or by email at Peter.hays@state.co.us.

Respectfully,
