PROPOSED PUBLIC NOTICE

Oxbow Mining, LLC, (OMLLC) located at 3737 Hwy 133, P.O. Box 535, Somerset, CO 81434 has submitted to the Colorado Division of Reclamation, Mining and Safety, (CDRMS) an application for renewal of a valid, existing permit to conduct coal mining in Colorado for it's mining Permit C-1981-022. The application covers the combined operation of the Elk Creek and Sanborn Creek mines.

The permit area is located within the area shown on the U.S. Geological Survey 7.5 minute, Somerset and Bowie Quadrangle maps and more particularly described as follows:

The surface facilities for the Elk Creek and Sanborn Creek mines are located north of the town of Somerset, which is located nine miles northeast of Paonia, Colorado. The facilities are located north of the North Fork of the Gunnison River (located due south of the town of Somerset), north of State Highway 133 and north of the Union Pacific Railroad right-of-way. The Elk Creek mine portal is located approximately one mile north and the reclaimed Sanborn Creek mine portal is located approximately one mile east of the town of Somerset.

The Elk Creek Mine and Sanborn Creek Mine permit area is located on the following described lands:

**APPLICATION FORM
RENEWAL OF A VALID, EXISTING PERMIT
TO CONDUCT MINING IN COLORADO**

This form is an application for successive renewal of a valid, existing permit to conduct surface or underground mining and reclamation activities or other surface coal mining and reclamation operations in Colorado pursuant to C.R.S. 34-33-101, *et seq.* This application form is designed to revise and update the application form currently included in your permit application. The right of successive renewal applies only to lands and activity which were permitted during the previous term. Extensions of the permit area and significant new activity within the permit area are subject to the review procedures applicable to new permit applications, in accordance with Rule 2.08.5(1)(c) and 2.08.4.

For a renewal application to be deemed complete by the Division pursuant to C.R.S. 34-33-109(7), an applicant must submit: (1) all information as specified on this application form; (2) a copy of the newspaper notice; (3) evidence that a liability insurance policy will be provided for the proposed period of renewal; and (4) five reproducible copies of the permit renewal application with original signatures.

For federal mines, a copy of the renewal application must be submitted to all agencies on the federal agency mailing list at the same time the application is submitted to the Division, and proof of distribution must be submitted to the Division. Copies of renewal pages modified during the review process must be distributed in the same manner, along with proof of distribution. Proof of distribution must be submitted prior to implementation of the renewal.

APPLICATION REQUIREMENTS

Type or clearly print the appropriate original or revised page number(s) of the permit application in the spaces below. Where a map has been used to supplement or clarify the narrative, indicate in the space provided where the appropriate map(s) may be found in the application. The asterisk (*) denotes sections where maps are required.

Each application for permit renewal must provide appropriate information which minimally addresses each of the following requirements. The narrative should describe the conditions which have been encountered during the previous permit term, and analyze how those conditions compare with those anticipated in the original permit application. These narratives should be submitted as revised pages.

In cases where any item is not applicable, the applicant should so specify.
