Re: Surety Adjustment Approval, Revision No. SA5
Cresson Project, Permit No. M-1980-244

Dear Lori Smith,

On March 8, 2023, the Division of Reclamation, Mining and Safety (Division) approved your Surety Adjustment 5 (SA5) submitted to our office on January 27, 2023, addressing the following:

Relocation of growth medium stockpiles GM11 and GM39 to facilitated the construction activities for the VLF2, Phase 3 project and the ECOSA waste dump project.

The SA5 submittal was determined to be in compliance with the requirements set forth in Technical Revision TR115. The terms of the SA5 approved by the Division are hereby incorporated into Permit No. M1980-244. All other conditions and requirements of the permit remain in full force and effect.

The Division has reviewed the change associated with SA5 for impacts to the financial warranty and determined the surplus warranty will remain the same as approved on March 7, 2023 in TR133 at \$748,959.00.
