RE: VIMA Partners, LLC; DRMS File No. M-2021-049; Receipt of 112 Construction Materials Reclamation Permit Amendment Application (AM-01)

Dear Martin Lind,

On March 7, 2023, the Division of Reclamation, Mining and Safety (Division) received your 112 Construction Materials Reclamation Amendment (AM-01) Application package for the Raindance Reservoir #2 site, File No. M-2021-049. Preliminary review of the information received determined that the following items must be received before the Division can consider your application as being submitted and technical review can begin:

Application Form

Responsibilities as a Permittee

1. Item No. 10 under this subsection of the Application Form on page 6 is initialed to indicate that this operation represents a joint venture/partnership. If this item was initialed in error, please submit a revised page 6 of the application which does not have Item No. 10 initialed. If No. 10 was not initialed in error, please submit with a revised Application Form, the appropriate power of attorney document which authorizes the signature of joint operators.

Certification

2. A company seal must be present on the Application Form. If no company seal exists, please write 'no seal' on a revised page 8 of the Application Form under the company seal section.

EXHIBIT C - Pre-mining and Mining Plan Map(s) of Affected Lands

3. Pursuant to Rule 6.4.3(a), Mining Plan Maps must include all adjoining surface owners of record. Please revise maps to specify who the surface owners are of adjoining parcels to the south of the operation, which includes a house and several structures, and to the east of WCR 15, which includes irrigation ponds.

EXHIBIT D - Mining Plan

4. Pursuant to Rule 6.4.4(f)(i) and (ii), please specify the nature, depth and thickness of the deposit to be mined and the thickness and type of overburden to be removed (may be marked "CONFIDENTIAL," pursuant to Paragraph 1.3(3)); and nature of the stratum immediately beneath the material to be mined in sedimentary deposits.

EXHIBIT O - Owner(s) of Record of Affected Land (Surface Area) and Owners of Substance to be Mined

5. Please help the Division locate the "attached agreements" referenced in Exhibit O.

You have sixty (60) days from the above date to submit all necessary documents that the Office needs for an application to be considered filed. If, at the end of the sixty day period, the application has not been determined to be filed with the Office, the Office shall deny the application and terminate the application file. This letter shall not be construed to mean that there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

If you have any questions, please contact me by email at hunter.ridley@state.co.us or by phone at (720)868-7757.

Sincerely,
Hunter C. Ridley
