Re: Phillips Ranch Property Gravel Pit #2, Permit No. M-2000-046;
Succession of Operators (SO-1) Completeness Date Extension Approval *(Revised)*

Dear Mr. LeMonds,

On March 21, 2023 the Division received an emailed request from Wyatt Webster (Holcim-WCR) to extend the completeness due date for the subject permit transfer to May 31, 2023. The Division has reviewed the current bond for this permit and found it expires on May 2, 2023. As such, this SO application must be complete for the purpose of filing prior to the current bond expiration. The Division hereby approves an extension request to Friday, April 28, 2023.

A failure to meet this deadline may result in enforcement action resulting in revocation of the permit and forfeiture of the bond for failing to maintain a financial warranty in good standing, pursuant to C.R.S. 34-32.5-118(c).

If you have any questions, please contact me at (303) 328-5229.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
