**Re: Extension Request Approval, SO-1 Incompleteness Due Date,
Timnath Pit, Permit No. M-1989-056**

Mr. Havens:

On March 28, 2023, the Division of Reclamation, Mining and Safety (Division/DRMS) received your request, to extend the incompleteness due date for the Succession of Operators (SO-1) from Don Kehn Construction Inc. to McAtee Construction Company for the Timnath Pit, Permit M-1989-056 from April 2, 2023 to July 1, 2023. While the extension request cites needing additional time to obtain the required structure agreements the Division will only approve an extension to June 1, 2023. In the meantime, the Division recommends that the prospective operator respond to as many items in the incompleteness letter as they are able. **The Division hereby approves the extension request to June 1, 2023.**
