**Re: Letter of Groundwater Monitoring Compliance, 2022 Annual Groundwater Monitoring Report;
Knox Pit, Permit No. M-2017-036**

Dear Mr. Niccoli:

On February 6, 2023, the Division of Reclamation, Mining and Safety (Division/DRMS) received the 2022 Annual Groundwater Monitoring Report for the Knox Pit, M2017-036. Upon review of the submission and responses to the Division's request for additional information the Division has no further comments on the report. Please note that groundwater monitoring is to occur on a quarterly basis and the results of the monitoring are to be submitted with the annual report each year as a commitment made during the permitting process.

If you need additional information or have any questions, please contact me by telephone at **303-866-3567 x8114**, or by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
