Possibly mid April say around April 21st?

That would give us 3 weeks to finish the signs and maps. Is that too long of an extension?

How long of an extension do you think you would need?

Good morning Leigh,

On this pit getting these updates to you and our deadline at the end of this month. Could we possibly get an extension for a later date to complete?

The signs are still on order and I am working with our environmental folks to make an updated map.

Thank you,

Jered
