Acreage Release Request (AR-1) Approval Follow-up**

Dear Mr. Lincoln:

On March 24, 2023 the Division of Reclamation, Mining and Safety sent you a system-generated decision letter informing you the subject Acreage Release (AR-1) request has been approved. The fourth paragraph requested Kiewit Infrastructure submit a Technical Revision (TR) to update the mining and reclamation maps resulting from the approved release request. We have reviewed the maps provided and approved for both TR-5 and AR-1 and deemed them adequate for depicting the reduced permit area. Please disregard the March 24th request for a TR.

We will inform you shortly after the end of the 30-day appeal period (April 23rd) if we receive an appeal, or if our decision is final. If you have any questions, please contact me.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
