Re: Extension for filing
Annual Hydrologic Report
Permit No. C-1980-004

Dear Mr. Wein:

I am hereby requesting an extension of 30 days for the Annual Hydrologic Report for McClane Canyon Mining, LLC.

I am unable to finish the report without the rain gage data from the Ashford Creek gage, collected by the BLM.

I contacted the BLM in late January in order to obtain the data. Unfortunately, the personnel at the BLM have not been responsive to my requests. After numerous phone calls, emails, and a personal visit, I was unable to obtain the data. Only just this morning did I receive an email reply stating that the data would be sent to me soon. I am not sure when I will receive the data, but I have hope that it will be within the next 30 days.

Thanks for your patience and understanding.

Please call with any questions. 970-261-4100

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Brinton".
