Re: Quist Mining, File No. M-2023-002 (HC# 82688)

Dear Mr. Russell:

We received your letter dated March 15, 2023 initiating consultation with our office on the subject action pursuant to the Colorado State Register Act – Colorado Revised Statute (CRS) 24-80.1 et. seq.

A search of our database indicates that no properties of historical significance included or nominated for inclusion in the state register have been recorded within the proposed permit area. Please note, as most of Colorado has not been inventoried for cultural resources, our files contain incomplete information. Consequently, there is the possibility that as yet unidentified cultural resources exist within the proposed permit area. The requirements under CRS 24-80 part 13 apply and must be followed if human remains are discovered during ground disturbing activities.

We understand that the proposed action is located on land owned by the United States Forest Service. Please note that our comments should not be interpreted as concurrence under the National Historic Preservation Act or any other environmental law or regulation. In addition, it is the responsibility of the federal agency involved to meet the requirements of Section 106 as set forth in 36 CFR Part 800 titled “Protection of Historic Properties”. This includes not only reasonable and good faith identification efforts of any historic properties located within the area of potential effects, but determining whether the undertaking will have an effect upon such properties. The State Historic Preservation Office, Native American tribes, representatives of local governments, and applicants for federal permits are entitled to consultative roles in this process.

As a reminder, the State Register Act give the SHPO 30 calendar days to provide a response to the state agency. If the response is to ask for additional information to be able to render a comprehensive and accurate response, the 30-day ‘clock’ will pause and restart at zero when the SHPO receives the information it requested.

We thank you for the opportunity to comment. If we may be of further assistance, please contact Holly McKee-Huth, Cultural Resource Information/Section 106 Compliance at (303) 866-4670 or holly.mckee@state.co.us.

Sincerely,

Dawn DiPrince
State Historic Preservation Officer
