Re: Decision Document, Technical Revision No. TR3, Tellier Gravel Pit, Permit No. M-1998-058

Dear Mr. Burkey,

On April 11, 2023 the Division of Reclamation, Mining and Safety concluded its review of the Technical Revision TR3 application submitted to the Division on March 13, 2023 addressing the following:

TR3 included a Google Earth printout to help depict the location of the scale house to remain and the other items which were removed as referenced in TR3. Please incorporate these revisions into an adequate Reclamation Plan Map (please note, the current approved reclamation plan map was received February 6, 2023). As a reminder, general map requirements are outlined in Rule 6.2.1(2) and specific requirements of the reclamation plan map are outlined in Rule 6.4.6.

The decision reached by the Division is: Approve.

The terms of Technical Revision TR3 approved by the Division are hereby incorporated into Permit No. M-1998-058. All other conditions and requirements of Permit No. M-1998-058 remain in full force and effect.

If you have any questions, please contact me by email at hunter.ridley@state.co.us or by phone at (720)868-7757.

Sincerely,
Hunter C. Ridley
