RE: Irwin Thomas Mine, Permit M-2016-054, Technical Revision Request 1

Dear Patrick:

On behalf of Holcim – WCR, Inc., we are requesting Colorado Department of Natural Resources Division of Reclamation, Mining and Safety consideration of a 30 day extension to the April 18, 2023 decision date for this application. Based in our conversation on April 11, 2023, we anticipate that there will be some additional information needed to complete the process. This will give us time to gather and provide any additional information you need to complete your review.

I will keep you informed of our progress. Thank you for your assistance.

Sincerely,

RESOURCE CONSERVATION PARTNERS, LLC
