Rob, I would like to request an extension of the decision date of the Hidden pit file M 2022 - 040 to 4/28/23. Thank you for this consideration.

Hi, Steve -

I talked to one of the other engineers in my office about your application. I wanted to know if he thought that we need to ask you for a more detailed stability analysis since you guys plan to mine close to a steep hill. He did not think that you need to perform that analysis, but we did come up with some suggestions that we think will improve your permit. Please see the attached letter.

Thanks,
Rob
