RE: MR Nick, NOI # P-2018-017, Surety Release Request (SL-01)

Mr. Bereseford:

On April 18, 2023 the Division of Reclamation, Mining and Safety (Division) received a request for release from further reclamation responsibility for the above referenced site. Prospecting operations associated with this NOI never took place. Therefore it is the Division's opinion that the financial warranty for this NOI can be released. At your earliest convenience, please inform the Division of whether or not the BLM concurs with the Division's decision to approve SL-01. BLM concurrence is needed before the Division can release the financial warranty to back the operator.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dustin Czapla'.
