Nikie,

Logan County would like to request an extension for the Right of Access for Lindstrom gravel pit. The owner has recently passed and the county is in the process of contacting the current owner or person of authority. The county also intends to complete grading, sloping and topsoil on the site in 2024.

Logan County would also like to request an extension on the reclamation completion on the Guenzi gravel pit. The county plans to begin Grading, Sloping, and topsoil this fall and reseeding in the Spring of 2024 weather permitting. If not in Spring it would be early Fall 2024.

Please contact me if you have any questions.

Thank You

Jeff

Subject: M-1987-159 Guenzi S&G Pit Inspection Report

Hi Jeff.

Attached is the inspection report for the Guenzi S&G Pit, Permit No. M1987-159. It appears reclamation has stalled at this site and you are approaching the five year reclamation deadline in the spring of 2024. I didn't cite a problem yet, but the Division would like you to submit a schedule indicating when the remaining reclamation tasks will be completed over the next year. Specifically, topsoiling and seeding the site to prevent further erosion.

I'll give you a call next week to discuss these sites. The issues at the Lindstrom Pit are the most urgent, but we can talk about Guenzi and the Schumacher release application.

Let me know if there is a good day/time for me to call.

Nikie
