Re: Extension Request Approval, Corrective Actions, Precious Mine NOI, Permit File No. P-2013-008

Dear Bryant:

On April 28, 2023, the Division of Reclamation, Mining and Safety (DRMS) received your request to extend the deadline for the corrective actions cited in the December, 2022 Inspection Report for the Precious Mine NOI 30 days from the April 22, 2023 due date. You have indicated that the Final Reclamation Report documents were sent to the Division on April 20, 2023 via express mail and registered mail. To date, the Division has not yet received these documents. **The Division hereby approves the extension request to May 22, 2023.**

If you need additional information or have any questions, please contact me by telephone (720) 836-0967 or by email at amber.michels@state.co.us
