## Errata Sheet

New Elk Coal Company assumed the New Elk permit application #C-1981-012 in 2009. To that end, any commitments by previous permittees, Wyoming Fuel, Basin Resources, or Picketwire Processing LLC are assumed by New Elk Coal Company. All permit maps identifying characteristics and resources of the Golden Eagle mine area provided as supplemental information only. New Elk Coal is also the permittee of the Golden Eagle Mine, #C-1981-013.
