DRMS Annual Report Supplemental Information

Burton Pit

Southway Construction Company, Inc. is in the process of finalizing changes to their 112c permit for the Burton Pit that will convert the site to a 110c. These changes are in line with the Mined Land Reclamation Board Order dated January 13, 2021 and resultant changes and approvals from the Board regarding the Burton Farms LLLP site (M-2022-012) approved on August 4, 2022. Once said changes are submitted and approved, the following report year – 2024 – will include updated maps and plans.
