Surety Release Request (SL-03)
Full/Final Release

Dear Mr. Hodge:

The Division of Reclamation, Mining and Safety concluded its review of the Surety Release Request application submitted to the Division on March 9, 2023. The request was for release of the entire permitted area and a reduction of the required bond amount to \$0.00.

Based on issues related to water rights at the sight and a withdrawal letter from J.C. York received today, the decision reached by the Division is: Withdraw.
