**Re: Keenesburg Mine (Permit No. C-1981-028)**  
**Review of 2023 Pond Inspection (First Quarter)**

Dear Mr. Moline:

The Division received your Pond Inspection Report for the first quarter of 2023, which was certified by you, a Professional Engineer.

I reviewed your report in the context of the Regulations of the Colorado Mined Land Reclamation Board for Coal Mining, in particular Rule 4.05.9(17). The report is in compliance with these regulations. No problems were identified with the two ponds at the Keenesburg Mine, and this is in agreement with Division inspections in 2023.

If you have any questions or comments, please do not hesitate to contact me at [Rob.Zuber@state.co.us](mailto:Rob.Zuber@state.co.us) or 720.601.2276.

Sincerely,

Robert D. Zuber, P.E.
