Release Request Decision Postponed Due to Snow***

Mr. Wilkinson:

The Division of Reclamation, Mining and Safety (Division) received your request for reclamation responsibility release on February 28, 2023. Pursuant to Rule 4.16.1 (3), the Division shall inspect the lands and reclamation within 30 days after receiving the request, or as soon thereafter as weather conditions permit. The Division has not yet inspected the site due to significant snow cover which would prevent adequate observation of the reclaimed drill areas.

Once the snow has cleared at the site please notify me so that we can schedule the release inspection.

If you require additional information, or have questions or concerns, please contact me.

Sincerely,

Dustin Czapla
Environmental Protection Specialist
