Hi Jodi.

I received your extension request for the Colorado Gravel Pit permit no. M-2022053. The decision date has been extended out to July 18, 2023 to allow more time for FEMA to review and comment on the floodplain development application. During this extended time, to keep the process moving forward, please submit your preliminary adequacy responses to the Division for review.

The decision extension approval letter is attached for your records.

Kind regards,
