DRMS Review Sediment Pond Inspections 2022 Quarter 4 and 2023 Quarter 1

Dear Ms. Kawcak:

Thank you for your submittal of the 2022 quarter three and 2023 quarter one sediment pond inspection report for the Williams Fork Mine. The Colorado Division of Reclamation, Mining and Safety (The Division), has reviewed the above referenced reports, received by The Division on 10 May 2023. Sediment pond inspections were conducted by Jason Herden on 20 October 2022 and by Miranda Kawcak on 21 March 2023. Ponds were iced over and snow covered in March 2023.

This reports appear to be in compliance with the applicable sections of Rule 4.05.9. In October Pond 6 was discharging at the time of inspection at the rate of 31.7 gallons per minute (gpm), Pond 16 at 23.8 gpm. Stock Tanks were generally dry.

In March of 2023 Pond 6 was discharging at 38.5 gpm, Pond 15 at 20 gpm, Pond 16 at 13 gpm, and Pond 17 at 14 gpm while stock tanks were snow covered. No maintenance items were noted during the inspection.

Best Regards,

Robin Reilley, M.S. GISP
Environmental Protection Specialist II
