RE: Technical Revision (TR-4) – Request for Withdrawal

Greetings,

At this time we wish to withdraw our submission of Technical Revision (TR-4) and pursue an amendment to our current mining and reclamation permit, instead. We anticipate that we will be able to have our amendment application complete and submitted by July 1st, 2023.

Thank you for your consideration and assistance.

Sincerely,

A handwritten signature in black ink, appearing to read 'Katie L. Conrado', with a long, sweeping horizontal line extending to the right.
