**Re: Trapper Mining Inc., Permit No. C-1981-010  
Permit Revision PR-11**

The Colorado Division of Reclamation Mining and Safety (CDRMS) recently approved the above-referenced revision. The CDRMS decision form is enclosed.

Trapper sent a complete application package for this renewal/revision under cover of October 14, 2022. Since that time, several changes have been made to both text and maps. The list below shows the permit materials that have been updated through correspondence with CDRMS. Prior versions of these pages previously submitted may be discarded as necessary with updated versions included with this correspondence. Some attached pages are new due to changes made during the revision process. Several maps were also updated and or created during this process and are being sent to replace material sent in the original package. One Appendix A table was also updated and is included as outlined below.

The following enclosed permit pages originally submitted to you with PR-11 have been modified and should be replaced in your original copy of the PR-11 permit document before replacing the same pages in the Trapper Permit:

i-5, 1-65, 2-122r, 2-122x, 2-456, 2-457, 3-15, 3-15a, 3-15b, 3-15c, 3-15d, 3-28a, 3-28b, 4-172a

The following enclosed permit pages were modified since the original PR-11 submittal and should either replace the same pages in the Trapper Permit or are new materials:

2-392, 2-398, 2-399, 2-462b, 2-520vvvv

The following enclosed permit maps originally submitted to you with PR-11 have been modified and should be replaced in your original copy of the PR-11 permit document before replacing the same maps in the Trapper Permit:

M-4, M-4A, M-10A (sheet 1), M-10B (sheet 1), M-12 (sheet 1), M-13A (sheet 1), M-14 (sheet 1), M-14A (sheet 2), M-31, M-48B (sheet 1), M-51 (sheet 1), M-52

The following enclosed permit maps were created since the original PR-11 submittal and should be placed in the Trapper Permit in their respective order:

M-54I, M-54J, M-54K

Enclosed Appendix A materials, page 28, should replace the original PR-11 Appendix A page 28. This Appendix A packet should then replace the Appendix A packet in the Trapper Permit.

Please get back to us with any questions, comments or concerns.

Sincerely,

A handwritten signature in cursive script, appearing to read "Graham Roberts", followed by a horizontal line.

Graham Roberts  
Environmental Supervisor
