Amber, we have just recently been allowed permission by the BLM to access and work on the site. Work will begin sometime next week. Please accept this email as a request for a 30 day extension.

Do you have the lease agreement with the BLM available to abate the Mineral ownership problem citation, or are you wanting to extend the deadline to acquire that as well. If you have it, please send an email copy. If not, please clarify if you wish to extend this deadline as well.

Amber, I have signed the lease with the BLM but we are awaiting their signature, we will provide you a copy when fully executed.

Please extend both issues.

Thanks
