Hi Amber,

Sorry for the confusion. We are requesting to extend the decision date to Monday, June 26th, 2023, so our response would be due Friday, June 23rd, 2023.

Thanks,

Julie Welte, PE

VP of Mining &amp; Environmental

Subject: Re: Weltes out of the office, DRMS correspondence required, Fox # 1 Clay Mine Technical Revision Application

Hi Julie,

Just to clarify, the decision date for the Technical Revision is set for Saturday June 17th, 2023. Because the response to the adequacy letter is due three days prior to the decision date, are you requesting to extend the decision date to Friday June 23rd, 2023? This would mean your response would be due June 20th, 2023.

Thanks,

-Amber

Hi Amber,

Summit Brick would like to request an extension on the due date of our response to the Division's Fox #1 Clay Mine's Technical Revision Application adequacy letter sent on May 31, 2023. We request an extension so that our response is not due until Friday, June 23rd, 2023. This will allow me adequate time to review it when I return to the office on Monday, June 19th. I was not able to fully finish my review before being out of the office.

Thank you,

Julie Welte, PE

VP of Mining &amp; Environmental

Subject: Weltes out of the office, DRMS correspondence required, Fox # 1 Clay Mine Technical Revision Application

Good afternoon,

I left a voicemail but I wanted to reach out via email as well. July 17th is the decision date for the Fox #1 Clay Mine's Technical Revision Application. The Division sent an adequacy response on May 31, 2023 that requires a response as to whether the Permittee(s) have any comments on the cost estimate or if they concur with the Division's assessment three days prior to the due date (today).

I sent an email to Matt, Joseph, and Julie and received auto-replies stating that they'll be out of the office, and to call Kathy at the office if I needed assistance. Kathy suggested that I contact you and sent me to your extension and I left a voicemail.

I've cc'd Matt, Joe, and Julie on this email as well so that they'll see this thread when they return.

Please, when you have a moment, give me a call back at 720-836-0967 or reply to this email.

Thank you,

--
