RE: Journey Ventures, LLC. – Journey Ventures Pit – Technical Revision No. 5 Request, File No. M-2008-080, Updated Reclamation Plan

Dear Mr. Hays,

Journey Ventures, LLC requests a revision to their existing permit to address the following items:

1. Exhibit F – Reclamation Plan
 - a. Revision of the reclamation areas and types of reclamation

Detailed descriptions of these revisions are in the following sections.

Exhibit F – Reclamation Plan

Revision of Reclamation Areas

- a. Revision of the reclamation areas and types of reclamation – The owner of the property and water storage is Central Colorado Water Conservancy District (CCWCD) and they wanted to keep the areas shown in the table below the way they are currently established for their own use. CCWCD also does not want the slopes of the reservoir seeded above the water surface as they intend to maintain the slopes used equipment on an annual basis to repair any erosion of the slope and thus the vegetation will be removed when doing maintenance of the slopes of the reservoir. The table below is also shown on the reclamation plan map and the areas are identified with hatching per the legend in the reclamation plan map.

Base Course Surfaced Construction Yard	3.37 acres
Base Course Access Road	3.25 acres
Dewatering Infiltration Pond	0.14 acres
Reservoir Area	40.76 acres
Seeded Area	33.94 acres
Undisturbed Slough Area	1.49 acres

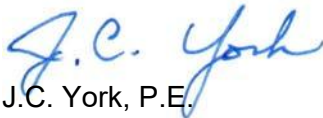

- 2 -

Journey Ventures, LLC appreciates your consideration of this revision request and looks forward to your response.

Please feel free to contact me with any questions or comments.

Sincerely,

J.C. York, P.E.
