**Re: Bowie No. 1 Mine, Permit C-1981-38,  
Review of the 2022 ARR**

Dear Mr. Bear:

On February 9, 2023, the Division received BRL's 2022 Annual Reclamation Report (ARR) for the Bowie No. 1 Mine. The ARR form with disturbance and reclamation acreages needs to be revised to reflect the bond release application (SL-08) that was processed in 2022. This application was a Phase III bond release, and it released 12.31 acres.

As always, call or e-mail me with any questions related to this review. If you have no questions, please update the form and submit a formal response via the Division's ePermitting system.

Thank you,
