Dear Peter Freedman:

On February 10, 2023 the Division of Reclamation, Mining and Safety (Division) received your Notice of Intent to Conduct Exploration Operations package for the West Side Placer Bulk Sample Program (NOI P-2023-003) located in Moffat County. Per Rule 5.1.3(c), [i]f the Office has notified a Prospector within twenty (20) working days of receipt of a NOI that it has not been filed in accordance with Rule 5.3, has been deemed complex, or of deficiencies in the Financial Warranty, the Prospector shall address all identified deficiencies or complexities within sixty (60) days of the Office notification. If the NOI deficiencies or complexities are not addressed within sixty (60) days, the Office may terminate the NOI file. The Office shall notify the person who submitted the NOI of such termination.

The Division notified the Prospector of deficiencies associated with the NOI application P-2023-003 on February 22, 2023. As of the date of this notification, the Prospector has not addressed all deficiencies or complexities identified by the Division notification within the sixty (60) days. As such, the Division is **terminating** NOI application P-2023-003.
