RE: Fedinec Pit, Permit M-1977-057, Incomplete Application for Transfer of Mineral Permit and Succession of Operators, Revision SO-03

Dear Darrell Camilletti:

On June 21, 2023 the Division of Reclamation, Mining and Safety received the Application Form for Transfer of Mineral Permit and Succession of Operators from Pioneer Landscaping Materials Inc., for the Fedinec Pit, Permit M-1977-057. The following items are incomplete for the application to be processed:

Legal Right of Enter

1. The Legal Right of Entry letter from the Bureau of Land Management does not correctly reference the CDRMS Permit Number for the Fedinec Pit, M-1977-057. The incorrect permit number listed on the letter is M-1997-057.
2. Similarly, provided Attachment A – Special Stipulations also incorrectly reference the CDRMS Permit Number for the Fedinec Pit as M-1997-057 on bullet nine of the document.

As of June 29, 2023, Fedinec Pit SO-03 is deemed **incomplete**. Please return the required documentation to the Division **by August 30, 2023** with corrections referring to the Fedinec Pit Permit Number, M-1977-057. All completed permit documents are required to be submitted for consideration of your Request for Transfer of Mineral Permit and Succession of Operators Application. An incomplete application may be denied after the 60 day submittal request, if requested documents or information are not received. In the event of any delay in your submittal or if you have any questions, please contact the Division.

Sincerely,
