Hunter,

Can we also please get an extension on HG RN 06 until July 21, 2023? We are working on the adequacy items and will have a response to you shortly after the holiday!

I did want to point out that I look at the CE for RN06 and it does include \$653,565 worth of cost associated with TAHR which was approved as a permanent road. I don't feel that all of this should be included in the renewal estimate. Review and let me know what you think!

045	Mob/Demob equip. for Reclamation of Loadout Area and TAHR	MOBILIZE	1	3.60	\$7,936
501	Rip TAHR	RIPPER	2	55.40	\$44,17
502	Remove TAHR Surface Material to Pit	SCRAPER1	2	104.56	\$281,5
503	Grade TAHR to Blend	GRADER	1	66.61	\$15,46
504	Replace Topsoil from Stockpile A to TAHR Stations 114 to 216	SCRAPER1	2	33.69	\$90,70
505	Replace Topsoil from Stockpile C to TAHR Stations 92 to 144	SCRAPER1	2	27.76	\$74,72
506	Replace Topsoil from Stockpile D to TAHR Stations 76 to 92	SCRAPER1	2	9.64	\$25,95
507	Replace Topsoil from Stockpile E to TAHR Stations 40 to 76	SCRAPER1	2	15.58	\$41,94
508	Replace Topsoil from Stockpile F to TAHR Stations 16 to 40	SCRAPER1	2	7.02	\$18,88
509	Replace Topsoil from Stockpile G to TAHR Stations 0 to 16	SCRAPER1	2	4.55	\$12,25
510	Drill Seed Mix 5 on TAHR	REVEGE	1	24.40	\$11,83

511	Drill Seed Mix 3 on TAHR	REVEGE	1	18.80	\$9,121
512	Drill Seed Cropland on TAHR	REVEGE	1	66.90	\$19,06
					<u>\$653,</u>
